About FMCT Ed

Theatre education embraces many aspects of curriculum: English, History, Science, Social Studies, Math, Music, and more. Through stories, character development, problem-solving, peer collaboration and critical thinking, students explore these areas of curriculum in order to creatively exist within the world of a play.

The goal at FMCT Ed is to expand upon a student's frame of reference and teach them to make connections between the theatre they create and the world in which they live. Students learn to collaborate with peers, connect with people from differing backgrounds, and begin to see themselves as valued citizens on the world's stage where they develop important ideas about justice, history, personal choice and humanity.

Through programs like "On The Road", "Silver Follies", Saturday Education Class sessions as well as Summer Musical Productions and Camps, FMCT is proud to offer exceptional year-round educational programs featuring a variety of classes and performance opportunities for individuals of *all* ages and experience levels.

**THE FOLLOWING IS A STATEMENT
INCLUDED IN THE 1946 PLAYBILL FROM
THE FARGO MOORHEAD COMMUNITY
THEATRE FOUNDING PARTNERS,
ARTICULATING THEIR VISION FOR THE
NEWLY FORMED THEATRE:**

“With the establishment of a Community Theater, residents of Fargo-Moorhead now share with people in many other cities of the nation the opportunity to regularly see offerings of the legitimate theater. With continuation of the present support the Theater will soon find its permanent place in our community.

The Theater was organized in February after several meetings of people with varying interests and backgrounds but a common interest in the stage; there were potential actors, designers of costumes and scenery, stagehands, directors, makeup artists, house managers, producers—and some folks who just liked to see plays. Each was able to contribute something to the development of a well-rounded organization. A play was selected, a director secured and production started. Public response to ticket sales already assures the Theater of being self supporting...

...it is the purpose of the Theater to present professionally produced legitimate stage plays for the entertainment of patrons, to provide opportunities for those people who are interested in working in the theater either as a hobby or preliminary to a professional career and to make these opportunities available to everyone without regard to race, creed, color or position in life.”
